3. Wood pellet production facility project in Russia Far East (90k tons annual production)

- This is a joint investment with the Russia Forest Products Group (hereafter “RFP” \*)
- Construction on the facility started in summer 2018, with planned completion in Autumn 2019
- Latest photos of the project site (taken on March 14, 2019, at Khabarovsk Krai, Russia)

\* RFP is the largest forest industry holding of the Russian Far East and one of the largest in Russia. RFP comprises a group of technologically-integrated companies from wood harvesting to wood processing. RFP holds forest lease rights for 4.1 million hectares of timberlands; annual harvesting volume exceeds 2.2 million m<sup>3</sup> of round wood. RFP operates the Russian Far East's largest wood processing complex in Amursk, Khabarovsk region. RFP leased forests and production facilities are certified according to PEFC international standards.

4. Acquisition of shares by subsidiary

As part of the Prospect Group's (the "Company") strategy of expanding its renewable energy business, the Prospect Japan Fund Limited ("TPJF"), a wholly owned subsidiary of the Company has been investing in Pinnacle Renewable Holdings Inc. ("Pinnacle"\*\*, traded in Toronto Stock Exchange under symbol PL).

• Shares owned as of March 31, 2019	3,155,100
• Total shares outstanding	33,003,713
• % owned	9.56%

\*\* Pinnacle is one of the world's leading manufacturers and distributors of industrial wood pellets for use by global utilities and large-scale power generators as a renewable fuel to produce reliable baseload power.
